

LSC Strategic Planning

Listening Posts

The Lafayette School Corporation is engaging with the community to listen and collect feedback through a series of listening posts for the development of a strategic plan. A strategic plan guides the work of the district and reflects the vision for our schools:

*The Lafayette School Corporation family **nurtures** and **inspires** the promise of our youth. Students are **empowered** to invest in themselves and the community. The school district thrives in a tradition of excellence. An exceptional staff creates extraordinary opportunities for students and their families through a rich curriculum in modern facilities. LSC pride is visible in staff, students and alumni.*

An important part in the development of this strategic plan is to check with patrons for the ways we can do great work together.

Feedback gathered from the listening posts will be used to craft objectives, strategies, and action steps to drive our work that will **nurture**, **inspire**, and **empower** our students.

Below are dates, times, and locations for several listening posts within the school district and community. Anyone may attend a listening post at any location.

We welcome your feedback and look forward to seeing you.

Date	Time	School	Room/Location
