LAFAYETTE TECUMSEH JUNIOR HIGH SCHOOL VISION STATEMENT

The vision of Tecumseh Junior High School (TJHS) is to create an environment where all students and staff become the best version of themselves each and every day.

Origination of Nickname “Broncho”

In the year 1921, several Jefferson High School students were challenged to compete against a local church team. Always ready for a good basketball scrimmage, several Jefferson High School boys volunteered, including four members of the varsity squad. Although the game was poorly attended, it was held behind closed doors and a small admission was collected. The event went unnoticed until one week before the sectional tilt, and then it happened. Some interested party or parties reported this event of good intent to the state officials, and four members of Jeff’s varsity squad were declared ineligible for tourney play. Immediately, Coach “Fritz” Groshans recruited replacements for his lineup, and the editor of the yearbook, a cheerleader, and a member of the “y” team helped fill out the squad. Although height, experience, and ability were sacrificed, the team played courageously and won the sectional crown, moving on to the regional to battle their rivals from Frankfort. In tribute to such perseverance, spirit, and ability, Jefferson High School students and faculty met in the auditorium for a rally. When Coach Groshans praised his squad, he remarked that his little team played like “Fighting Bronchos.” Thus, it was that year that the term “Bronchos” was born.

Section I: Daily Operations

Administration of Lafayette School Corporation

The school system is governed by the Board of School Trustees consisting of seven members, all of whom are elected. The Board of School Trustees, working with the Superintendent, sets forth rules, regulations, and policies for the efficient operation of the schools. The Superintendent is the Chief Executive Officer of the Board and the Administrative Head of the schools. He, in turn, with the aid of the business manager and various directors, delegates responsibility for the operation of various departments but is responsible for the results produced. The principal is responsible for the overall operation of the school. Subject to the rules and regulations of the Board and to the instructions issued by the Superintendent of Schools, Business Manager, and various directors and/or Associate Superintendents, the principal has full control and complete responsibility for the building and grounds; all supplies and equipment; all activities; and all students, teachers, custodians, and others occupied in or about the buildings or grounds. He supervises the school curriculum, works with the staff and students to establish school policies, schedules classes, assigns special duties, coordinates the calendar of school events, and works with the staff and special supervisors in curriculum improvements.

STUDENT AND PARENT INFORMATION

Within this chapter of the handbook students and parents will find information about the daily operations at Tecumseh. In the event that something is unclear, please contact the main office.

Absences

A parent or guardian should call the school before 9:00 am each day their child is absent. If a parent or guardian is unable to call, their child must bring a note (with a reason for the absence) to the Student Services Office before school starts on the day the student returns. Alarm did not go off, missed the bus, overslept, running late, had to baby-sit are examples of unexcused absences or tardies. On a normal school day, school starts at 8:00 am. If a student arrives to school after 8:20 am, the student will be marked as tardy truant for every class period that he/she has missed. Students will be marked as tardy if they arrive from 8:00-8:20 am. Anytime students go to the doctor/dentist/therapist/court/probation, etc., a note for the appointment must be brought to the school within six (6) school days in order for the absence to be classified as "exempt". NOTE: For absences related to COVID-19, please refer to Appendix N

Accidents and Insurance

Any accident occurring on school premises must be reported to the nurse. A record of each reported accident is filed in the nurse's office. If a student is injured at school or at a school extracurricular function, the parent or guardian is responsible for any resulting medical cost. If

there is a question of school liability, the Lafayette School Corporation's insurance carrier will be responsible for determining any such liability. Indiana statutes do not allow school corporations to purchase medical or accident coverage for students. However, parents or guardians can be provided an opportunity to purchase accident insurance. The Board of School Trustees has approved making such insurance available. Each school has applications available for parents to purchase accident insurance if they so desire. These applications will be available at the school office.

Appointments

Whenever possible, passes for appointments should be obtained before school starts in the morning.

Appointments before school

Students arriving from an appointment after 8:00 am report to Main Office for a pass.

Appointments During the School Day

Students needing to leave the building during the day for any reason must get a pass from the secretary in the office. Passes will not be issued without parental contact (note or phone call). When students leave for the appointment, the pass should be shown to the teacher and then taken to the secretary in the office.

Arriving by Car

Parents can access the Tecumseh parking lot from 18th street before, during, and after school hours. The main office is open from 7:30 am - 4:00 pm daily.

Bicycles, Skateboards, Mopeds

Bicycles may be ridden to school and should be locked securely to the bicycle racks. SKATEBOARDS, IN-LINE SKATES, MOPEDS, AND MOTORCYCLES ARE NOT PERMITTED as a means of getting to and from school.

Change of Address or Phone

Any changes in address, phone number, custody, or emergency contact information should be reported to the Guidance Office as soon as possible.

Communication is essential to success at Tecumseh. Current parental contact and emergency information is key to this communication. Students and parents can report changes to contact information through one or more of the following steps:

- Update information in PowerSchool
- Contact the school office
- Contact the Student Services Dept.

Email Addresses

[The Tecumseh website has a full list of the staff email addresses.](#)

Entering the Building

The front lobby doors open at 7:45 am each day. As a result, students should not be dropped off prior to 7:30 am. At 7:45 am, students should proceed to their classrooms.

Homework Requests

For extended absences of two or more days, homework may be requested by calling the guidance secretary at (765) 772-4750 ext. 2138 by 9:00 am. Homework will be made available by 3:30 pm the day of the call. Students are encouraged to make electronic requests via email or to check their classroom OneNote notebook and Canvas.

Illness or Injury

Tecumseh has a full-time nurse on staff. The nurse is located in Room 204. In the event the nurse's office is closed, students should report to the Main Office. Other than emergency situations, students that become ill or are injured should report to class and ask permission to see the nurse. (Refer to the Health Service Policy in the [Appendix M](#)).

Leaving School

School dismisses at 3:15 pm, students should be out of the building by 3:30 pm. Busses will promptly leave at 3:24 pm. Students waiting for parents to pick-up should wait on the benches outside of the main entrance.

Moving to Another School

The parent or guardian of a student moving to another school should notify the Guidance Office as soon as possible. Prior to withdrawal, students should return their device and all associated accessories to the Guidance Office. Student should also return all library and textbooks prior to withdrawal.

A telephone is available in the Guidance Office for student use. Visitors

Tecumseh Jr. High serves many stakeholders and has a high volume of students, staff, and visitors. For this reason, parents and adults who have an educational need to visit the school are required to register in the main office. Given the commitment to learning, school age children are not permitted to visit unless pre-approved by the principal.

1. All visitors must receive prior permission from the principal before entering classrooms.
2. Visitors report to the Main Office and sign in as a guest visitor.
3. Visitors will be provided with a visitor badge.
4. Visitors should visit only classes they have been given permission to attend.
5. Visitors should enter the classroom prior to the beginning of class in order to greet the teacher and find the location where they will sit.
6. Visitors need to be respectful of the class instruction taking place by shutting off any electronic devices that may disrupt the class.
7. Visitors should not participate in the discussions or activities in the class unless asked to do so by the instructor.
8. Only the person approved for the visit may attend the class. Additional visitors and/or children are not permitted to accompany the visitor.
9. Visitors should not attempt to discuss grades or individual concerns with the teacher during the visitation. Instead the visitor needs to make an appointment to meet at another time.
10. If visitors wish to eat lunch at Tecumseh during the visit, they must notify the general office prior to the classroom visit.
11. If visitors are approached by school personnel in the hallways, visitors need to show their visitor's permission slip.
12. Once the visit is completed, visitors need to return to the general office to drop off their visitor's badge and to sign out.
13. The Administration and security have the option to remove a guest at any time if the guidelines are not followed or a disturbance occurs which interferes with the educational process.
14. The Administration may direct that a visitor be permitted to observe a teacher's classroom.

Volunteers

Parents and interested community members are encouraged to volunteer in LSC schools and many do volunteer to supervise children on field trips, in classrooms, etc. Safety of our students is the number one priority of parents and of the school district. Potential LSC volunteers must submit to an expanded criminal history check prior to being approved to volunteer. An expanded criminal history check as defined in Indiana Code 20-26-5-10 means a criminal history background check of an individual that includes but is not limited to: a search of the records maintained by all counties in Indiana in which the individual who is the subject of the background check resided; a search of the records maintained by all counties or similar governmental units in another state, if the individual who is the subject of the background check resided in another state; and a check of the sex offender registries in all fifty (50) states or the national sex offender registry maintained by the United States Department of Justice. To make things as easy as possible for potential volunteers the LSC has a link available on its website to a company that does the necessary searches. [Please go to the LSC website at www.lsc.k12.in.us and click on Community Volunteers Secure Volunteer.](http://www.lsc.k12.in.us) There is a cost involved with this background check. Approved volunteers will receive an approval card that is good for two (2) years from the date of approval. Potential volunteers are advised to apply for a volunteer background check at least two weeks prior to wanting to volunteer.

Section II: Attendance

Attendance Policy

A student's attendance is essential to learning. Learning includes not only factual subject matter, but also attendance habits, work habits, and attitudes. Irregular attendance interrupts the educational process by impeding the continuity of the lessons presented and the students' ability to establish proper work habits. Whether the goal is the work force or post-secondary education, students need to come to school every day and benefit from interaction, discussion, and teacher support available during class time. **Every absence has the potential to interrupt the student's understanding of the material being presented.** NOTE: For absences related to COVID-19, please refer to Appendix N

The responsibility for a student to be present in school rests with the student and his/her parent(s)/legal guardian(s). The school will assist the parent(s)/legal guardian(s) and student in this responsibility. The cooperation of the student, the parent(s)/legal guardian(s) and the school is essential in providing a firm framework for the student to achieve the fundamental foundation of regular attendance.

IC 20-33-2 Compulsory School Attendance

Sec. 27 (a) It is unlawful for a parent to fail to ensure that the parent's child attends school.

It is the responsibility of the parent(s)/legal guardian(s) to inform the school of changes to their contact information. Current contact information is critical in the school's efforts to work together with families to ensure student academic success.

HOW TO REPORT AN ABSENCE (PARENTS AND/OR LEGAL GUARDIANS)

It is the responsibility of the parent(s) and/or legal guardian(s) to notify the school regarding their student's absences. The attendance line (765-588-2222) is available 24 hours a day, seven days a week. The attendance line is available in English and Spanish. If a parent/guardian tells the district/school that a student is ill, the district/school may ask the parent/guardian whether the student is exhibiting any symptoms of COVID-19.

Parent(s) and/or guardian(s) should contact Student Services at any time between the hours of 7:45 am and 3:45 pm with questions

or concerns regarding their student's attendance.

Reporting Absences

1. To report absences, parents or legal guardians need to call the school on the day of the absence before 9:00 a.m. giving the reason for the absence. (attendance hotline (765) 588-2222) If a phone is not available, parents should send an explanatory note with the student when he/she returns to school. Those whose parents have called reporting the absence need not report to the office but should report directly to class. A student returning to school during the day should report to the Main Office.
2. Extended, pre-arranged absences that exceed three (3) days or occur during the final week of the semester will require a parent/guardian to complete an Extended Pre-arranged Absence Form. The student will take the form (prior to the occurrence of the absences) to all of his/her teachers to make arrangements to make up the work.
3. Appointments: Permission to arrive late or leave school during the day for medical or dental appointments will be granted by sending a note to school or calling the school office.
4. For extended illnesses of two or more days, homework may be requested by calling the school receptionist at (765) 772-4750 by 8:30 am. Homework will be made available by 3:30 pm the day of the call.
 - a. Students will not be held responsible for making up assignments or tests on the day following an absence. Students are responsible for contacting the teacher to schedule make-up work.
 - b. If assignments are not picked up as scheduled, if a student returns to school before assignments are picked up, or if assignments are not completed and returned to the teacher, this service will not be available to the student during future absences.

Special Types of Absences

5. If a student is suspended out-of-school, parents may pick-up assignments in the office twenty-four (24) hours following the suspension. The student must complete the assignments by the time he/she returns to school.
6. Students may be granted permission to go home for lunch on a regular basis only after written request is received from the parent and permission granted by the appropriate administrator.

Full Day Absences

- *It is recommended that the parent(s)/guardian(s) call the day of the absence to avoid receiving an absence verification call from the school.*
- *A call must be made within 6 school days of the absence in order to prevent the absence from being classified as truant.*

Partial Day Absences

- *A call to legally release a student must occur **before** the student leaves the building.*
- *Calls must be made at least two hours prior to the student's departure.*
- *Students must check in to the Main Office when returning from an appointment.*
- *In **emergency situations** where departure is unplanned, a parent(s)/guardian(s) will need to come to the Main Office to release the student.*

Late Arrival

- *Students arriving late to school or class must report to the Student Services Office for a tardy admit before proceeding to class.*

Parent(s) and/or guardian(s) and students will be informed of attendance issues and concerns through:

PowerSchool – <https://powerschool.lsc.k12.in.us/public/> PowerSchool link
School Messenger– automated call system – will notify you of your student's non-reported absence or tardy
Email – parent(s)/guardian(s) can request attendance reports be sent via email through PowerSchool

TARDY PROCEDURES:

A. Definition/Clarification of Tardy

1. In order for a student to be on time for a class, he/she must be in the classroom when the bell rings. A student who is not in the classroom when the bell rings is tardy.
2. A student is tardy to school if he/she is not in class at 8:00 am

B. Consequences for Tardies:

A student is tardy if they are not in their first hour class by 8:00 am. Students arriving after 8:00 am must report to the Student Services Office for a tardy admit. Students not in their classroom before the tardy bell rings for periods 2-7 must also report to the Students Services Office for a tardy admit. After the fifth tardy, excused or unexcused, a conference with a counselor will be scheduled. Students accumulating 4 or more tardy passes during a nine-week period may receive a detention, Saturday school, in-school suspension, or out-of-school suspension in accordance with the frequency of tardiness coupled with their response from previous intervention. during a nine week. Tardies will reset at the end of each nine-weeks.

C. Parent and Student Procedures:

1. When a pupil is delayed at home, his/her parents should send a note or call explaining the tardiness.
2. Students who come to school after 8:00 am should report to the Student Services Office to receive a pass.
3. When students are delayed between classes by school personnel, they should obtain a regular student pass to the next class. The office staff will issue no passes.

Specific Classroom Expectations:

Academic achievement is important. To help ensure that each student is able to achieve academically students and staff are held to the following expectations:

- Students should understand that homework is expected.
- Students are to do independent work.
- Students are to participate in class activities and discussion.
- Students are to take care of school equipment
- Teachers are to communicate their specific classroom expectations.
- Class disruptions will be addressed and not allowed.

Special Education

In addition to the regular curriculum, the junior high school provides a program for students with special educational needs.

Every child has the right to a free, appropriate public education – even a child with the most severe disability. This right was established in the Individuals with Disabilities Education Improvement Act (IDEA). In Indiana, Article 7 governs and implements IDEA. Children with special educational needs in our school corporation are served by Greater Lafayette Area Special Services (GLASS). GLASS is a cooperative program with the Lafayette School Corporation, Tippecanoe School Corporation, and West Lafayette School Corporation.

GLASS serves students with disabilities. Special education is considered “special” because specific methods, programs, and teaching techniques are developed to meet each child’s particular needs and abilities.

One of the most significant changes in public policy brought about by IDEA is involvement of parents in every step of providing services for their disabled child. A child may be referred to GLASS for evaluation by a teacher, principal, or parent. Parental permission must be obtained before any testing specifically related to determining qualification for special services may be done. If a special education placement seems advisable based on the test results, the parents and education professionals work together in the planning of the educational program for that individual child and, subsequently, in the educational placement decision. The rights of the parents are specified in IDEA so that parents may protect the rights of their children.

If you feel that your child’s educational needs are not being met in his/her current classroom setting and you would like to refer your child for evaluation or re-evaluation, please contact the building principal for the proper procedures to follow.

The school maintains the following special services for the benefit of all students:

Psychological Services personnel assist other members of the school community and parents in producing the optimal learning environment for the growth of each student in grades kindergarten through twelve. They may assist staff in planning for remediation in learning and adjustment, provide in-service training, or consult with staff in the areas of curriculum development, motivation, evaluation, assessment, group process, behavior management, and mental health.

The Special Services department may refer students with special problems to appropriate agencies located at Purdue University or in the Greater Lafayette community.

School age children who are found to be disabled are generally placed in special programs in the Lafayette School Corporation. Speech and Hearing services are available for those in need of educational professionals with such specialized training.

Excel/Challenge Program

The Lafayette School Corporation is committed to the implementation of a program for High Ability students that will develop skills and attitudes that lead to a life of learning, self-development, and service to society.

The Lafayette School Corporation High Ability Program for High Ability students is based on a consideration of the characteristics and needs of gifted youth. It addresses the concerns of students, parents, educators, and the community in its attempt to meet the needs of student’s gifted in general intellectual ability, specific academic aptitude, leadership, creativity, and the visual and performing arts. The K-12 program provides for the sequential development of higher-level thinking skills, study at an appropriate pace and level, appropriate materials, opportunities for independent study and research, and appropriate activities within the school and in the community.

Individual building programs vary because of the number and needs of High Ability students. Secondary programs may include Excel and Challenge (Honors) classes, Mentorships, and Individual Challenge Plans (I.C.P.).

Eligibility for placement in the High Ability Program is determined by consideration of achievement test scores, academic records, teacher recommendations, parent referral, student self-referral, and other relevant information. Parents who feel their children have need for High Ability Program services may refer their children for consideration for placement by contacting the High Ability Coordinator, Ms. Rosenberry.

Digital Conversion

Every student will have access to a student 1-to-1 device for the purpose of enhancing the overall education experience. The digital conversion is intended to increase, improve, and enhance instructional opportunities for all students.

Foundational Reasonings:

- Students must be prepared for a college and/or career
- TJHS must acknowledge and embrace the current and future needs of students
- Students and staff must do more in the time that they have

- Learning is not exclusively an 8:00 am – 3:15 pm activity

Guiding Principles

- TJHS believes that the digital conversion must increase, improve, and enhance instructional opportunities for all students
- TJHS believes that the digital conversion must support efficient means for teachers to deliver and collect formative assessment data
- TJHS believes that the device selected for digital conversion should have the capacity to be used for the entire school day
- TJHS believes that the device selected for digital conversion provides an optimal experience for students during state required testing
- TJHS believes that the touchscreen functionality of the device selected will increase student engagement in the content
- TJHS believes that the digital conversion process must cognizant of the cost to parents

- English/Language Arts (Grades 3-8)
- Math (Grades 3-8)
- Science (Grades 4 and 6)
- Social Studies (Grade 5)

NWEA (MAP)

Measures of Academic Progress® (MAP®) creates a personalized assessment experience by adapting to each student’s learning level—precisely measuring student progress and growth for each individual. <https://www.nwea.org/assessments/map/#sthash.03nq3cjm.dpuf>

Common Assessments

Teacher created common assessments are utilized in the four core subject areas. Internally, they are referred to as the Edulastic “chunk” assessments. They are used at varied rates to fit the curriculum. Each PLC came to consensus on the length and format of the common assessments.

Library & Media Center

An effective Library serves as foundational piece of any school-wide literacy program. Tecumseh has a well-equipped Library that contains a collection of over 34,000 books and materials. It is a quiet place where you may go to use reference books, magazines, and digital resources for your schoolwork and for recreation. The librarian and library assistants will be glad to help students find what they want. Students may access the Library from 7:45 am - 3:25 pm daily.

Before and After School

Students may come to the library before and after school hours (7:45 am - 8:00 am; 3:15 pm - 3:25 pm) without a pass.

During School Hours

During school hours, students may come to the library with a pass during a study break or enrichment period. During the lunch period, students may come to the library except when there are classes scheduled.

Check Out Procedures

Books may be kept out for a period of two weeks. Books may be renewed for one period (two weeks). Encyclopedias (except for circulating copies), reference books, and books on reserve are not checked out. Magazines (except current copies) may be checked out for overnight use. The student is responsible for each book that they check out. **Students should not check out damaged books. If a student finds a damaged book in the library, do not check it out; he or she should immediately bring it to the Media Specialist’s attention.**

All books and materials taken out must be checked out at the circulation desk. All books and materials are to be returned to the charging desk. Library books that are lost and not paid for will be treated as unpaid book rental, and subject to the Lafayette School Corporation’s collection policy. Each pupil will be expected to conduct him/herself in a quiet and orderly manner.

Interdisciplinary Teams

An interdisciplinary team at Tecumseh consists of five teachers from different subject areas and the group of students they commonly instruct. (Language Arts (2), Math, Science, Social Studies) Team teachers strive to provide students with common expectations and procedures. Consistent expectations across the team provide students with clarity and stability in regards to their educational experience. Classrooms and lockers for each team are located in the same area of the school which reduces transition time between classes and provides students with support from familiar staff throughout the school day. Ultimately, teams provide a collaborative and supportive work group for students and staff.

Field Trips

The Lafayette School Corporation encourages field trips when they relate to the Indiana curriculum standards and augment and enrich classroom instruction. Field trips taken on school time are typically limited to those specifically related to classroom instruction and regularly scheduled curricular or extracurricular activities. Field trips arranged as a reward for participating in contests, for general cultural betterment, etc. are planned in a manner which prevents interference with classroom activities.

TECUMSEH HOMEWORK GUIDELINES

Introduction

The following guidelines have been developed by a committee of parents, teachers, and administrators at Tecumseh and is intended to be a general guideline that will benefit students, teachers and parents at Tecumseh.

Purpose of Homework

Homework may be assigned for the purpose of preparing students for activities that will occur in a future classroom setting; reinforcing learning that has previously been taught; extending to a higher order of thinking; or promoting creativity by having students combine concepts and skills in new and different ways.

Role of Teacher

Teachers should develop a homework policy and discuss it with students and parents at the start of the school year, be specific in making/assigning individual homework assignments, and notify parents of students who fail consistently to complete homework.

Role of Student

Students should write down all homework assignments, take home all necessary material and information needed to complete assignments, and turn in all assignments when they are due. Students should immediately request work from their teachers that they have missed due to absence. Students should check their grade through PowerSchool each week during Homeroom.

Role of Parent

Parents should provide a quiet study area and specific study time for homework to be done, check with children and on homework assignments each day, and communicate with teachers when homework difficulties arise. Parents should check their child's grades through PowerSchool on a weekly basis.

Homework Guidelines

1. Homework should be conducive to facilitating student learning and therefore used for diagnostic as well as evaluative purposes.
2. Whenever possible, students should be provided with a period of directed instruction during which they may begin their assignments and receive assistance from the teacher.
3. The amount and frequency of homework should vary based on grade level, subject matter, and ability level of each student. As a general guide, homework in each class may average between 15 and 45 minutes daily and could include supervised study in class, time spent in enrichment, and/or time spent at home.
4. When major assignments or tests overlap, students and parents should communicate with teachers. Teachers will work within their teams to review assignment calendars.
5. If a student or parent believes that these guidelines are not being followed, they should first communicate with the teacher involved. If a problem still persists, the principal should be contacted.

Homework Support

Homework support is offered in the library Monday through Thursday from 3:15 pm - 4:15 pm.

SECTION IV: SUPPORT SERVICES

Getting Help

If students are having problems, Tecumseh has many people who can offer assistance. Junior High students can face challenges with grades, teachers, friends, parents, brothers and sisters, and many other things. The following staff are ready to help students work through challenges:

Teachers - Students learn and mature at individual rates. The process can often pose challenges and adjustments in thinking and behavior. Teachers are available to students for instruction and guidance.

Counselors - Counselors are specially trained to help students. They are: Mr. Silas Brown, Ms. Alyssa Mitchem, and Mrs. Jenna Turnipseed.

Mr. Silas Brown – Counselor 7-4, 8-4, EL Coordinator

Mrs. Jenna Turnipseed – Counselor 7-1, 7-2, 7-3

Ms. Alyssa Mitchem – Counselor 8-1, 8-2, 8-3

Counselors can help in many areas. Tecumseh counselors help students plan and participate in the Tecumseh academic program. Counselors also support students in the many social and emotional experiences that Junior High students face. College and career readiness is also a large part of the counselor's role at Tecumseh.

The Nurse - The nurse, Ms. Demko, can help and advise students about health-related topics. If students have health issues or questions, they should stop by Ms. Demko's office.

Secretaries - Five of the most helpful people at Tecumseh are the secretaries. They are:

1. Ms. Victoria Cervantes Sandoval - Receptionist
2. Mrs. Mills - Asst. to Principal
3. Mrs. Fenton - Guidance Secretary
4. Mrs. Roudebush - Student Services Secretary
5. Ms. Barnett - Discipline Secretary
- 6.

Book Rental

The Lafayette Board of School Trustees authorizes a rental and fee program for providing textbooks and related materials. Book Rental payments are typically mailed to parent the second week of September. Due dates and payment options are presented to parents in this mailing. Should assistance with Book Rental be needed, please contact the school office and they can direct to the appropriate staff. Fees will be assessed at the beginning of each school year and the administration will be empowered through school board policy to collect all fees by methods that may include a collection agency or legal action in court.

Bus Transportation

The Lafayette School Corporation operates buses to and from all schools every school day. Though buses do not pass each student's home, bus routes include all neighborhood areas within the LSC boundaries. Additional information about transportation services can be found on the LSC webpage. For more information, please visit http://www.lsc.k12.in.us/departments/transportation/bus_stop_information

The privilege of riding a school bus is subject to a rider maintaining acceptable behavior while boarding, riding, and getting off the bus. Students who violate bus rules or fail to follow directives issued by the driver will face disciplinary actions by the school. Behavior expectations are also available on the LSC website. For more information, please visit http://www.lsc.k12.in.us/departments/transportation/bus_safety_and_conduct/

Transporting items on the Bus

The following items are non-transportable objects: any item that is too large to be held on a student's lap or placed on the floor between student's legs or between the side wall of the bus and student's leg, live animals, glass objects, guns, ammunition, explosives, or dangerous materials. The following guidelines will be used in determining band and orchestra instruments that students will be allowed to carry on school buses: instruments must be able to be carried on the student's lap or rest on the floor between the student's legs or between the side wall of the bus and student's leg. Students with instruments should be assigned a seat next to the window and probably near the front for ease of boarding and exiting. Instruments will not hinder a student's ability to evacuate the bus quickly. Students and drivers need to cooperate to make this work effectively. Instruments which can safely be transported in a student's possession: saxophone, trombone, trumpet, flute/piccolo, clarinet, and violin.

Requests for Alternative Bus Routes

The following is an explanation of Lafayette School Corporation policy regarding alternatives to regular transportation routes. There will be no transfers for students who want to go home with friends or an alternate location. In the event of an emergency, a transfer can be approved in writing, signed and dated by a school principal or the head of the LSC Transportation. The emergency must be in the interest of the safety of the student and limited to a time period considered "necessary". If a student wants to go home with a friend or to a place other than to home,

a note must be signed and dated by a parent or guardian, signed by a building administrator, and then presented to the bus driver. Parents of students needing permanent bus transportation to an alternate address, such as to a place of employment, must present a letter of request to the transportation department for their child to ride a bus to the alternate location. Bus transportation to an alternate destination is not the responsibility of the school corporation. Bus routes are established for students living in a specific area. Approval will depend upon seating availability. A request letter will be processed for possible transportation. A written reply will be sent from the transportation office before transportation is to begin.

Bus Procedures:

Students riding the bus are participating in moving classrooms. Behavioral expectations at school apply to bus behavior. Bus drivers have the challenging role of promoting safe driving habits and monitoring student behavior. For this to work, students must display self-discipline and respect for drivers.

Riding the school bus is therefore a privilege. Behavior on the bus that potentially is dangerous to the physical safety of others may be dealt with in the following manner:

- a. First Violation – warning from the bus driver
- b. Second Violation – may result in a suspension up to and including five (5) days.
- c. Third Violation – may result in a suspension up to and including one (1) month.
- d. Fourth Violation – may result in a suspension from the bus for the remainder of the year.
- e. If any violation occurs during the last month of school, the suspension may carry over through the end of the first semester of the following year.
- f. If the incident is judged by the administrator to be of an especially serious nature, the student may be immediately suspended from riding the bus for a period of time.

Health Services

The Health Services program follows the State Department of Health laws and recommendations and is under the direction of the school administration, school physician, and school nurses. Tecumseh has a full-time registered nurse. The Health Services Office is open from 7:30 am - 4:00 pm daily. If the Nurse is unavailable, students should report to the Main Office for assistance. First aid, when needed, is administered by available school personnel. If questions arise or in case of serious injury, it is the policy of the school to contact parents, if at all possible, and arrange for the student to be taken home. Further care and treatment are the responsibility of the parents. A student is never released unless permission is given by the student's parent, guardian, or other responsible adult. School authorities, school nurse, or other school personnel do not attempt to treat or diagnose cases of illness or injury. The nurse is available to counsel students and parents about health-related problems and concerns. Parents MUST let the school nurse know if students suffer from a life-threatening condition or health-related problem, such as asthma, severe allergies, seizures, etc. In case of severe injury, severe illness, or medical emergency, an ambulance will be called, and the student will be taken to the hospital. Parents MUST let the school office know about changes in addresses or phone numbers or temporary situations which may affect the school's ability to contact the parent in emergencies. Students who are ill and have a fever of over 100 degrees (F) should not attend school until the temperature has been below 100 degrees for at least 24 hours.

IMMUNIZATION REQUIREMENTS: Indiana law requires that all students in 7th and 8th grade have 5 DPT, 4 Polio, 2MMR, 3 Hepatitis B, 1 Tdap, 1 MCV4 and 2 varicella. It is the parent's responsibility to provide verified records of immunizations. Students may enroll but not attend school without documentation of required immunizations or verified medical or religious exemptions. All exemptions must be renewed every year.

Meningococcal Disease: The following information is provided in compliance with IC 20-30-5-18: Meningococcal disease is a dangerous disease that can strike children and youth. One type of meningitis is caused by bacteria called *Neisseria meningitidis*. Infections caused by these bacteria are serious and may lead to death. Symptoms of this infection may include a high fever, headache, stiff neck, nausea, confusion, and a rash. This disease can become severe very quickly and often leads to deafness, mental retardation, loss of arms or legs and even death. It can be spread through the air or by direct contact with saliva from another person with the disease. There is a vaccine (Menactra) that can prevent most cases of meningitis caused by these bacteria in people over age 2. Beginning with the 2010-2011 school year, one dose of Menactra will be required for students in grades 6-12. This is a legal requirement.

Medication/Medical Procedure Policy: Parents are encouraged to administer medications and/or medical procedures during non-school hours. By state law teachers and counselors are not permitted to give out any medicine, including aspirin. If a student's physician determines that a medication or medical procedure must be administered by school personnel during school hours, the school must have written doctor's instructions, a completed school parent permission form, and medication in the original pharmacy container. Nonprescription medication must be in the original container and accompanied with a school parent permission form. Anaphylaxis is a life-threatening medical emergency. Anaphylaxis is a severe response resulting in cardiovascular collapse (shock) after ingestion or exposure to an antigen. If this occurs, immediate intervention with epinephrine injection and a 911 call is necessary. Each school health office is equipped with an EpiPen to be used to treat an unexpected anaphylactic reaction. The school nurse or trained first responder will administer the EpiPen if a student is assessed to have severe allergic reaction symptoms that are life-threatening. If an EpiPen is administered, a 911 call will be made. (The School's EpiPen is to be used for life-threatening emergencies only and does not replace a child's own prescribed medication. Students with known allergy should have an individual health care plan and keep prescribed medication at school. If your student has a known severe allergy, please inform your student's school nurse.)

J 700 Policy

ADMINISTRATION OF MEDICATION AT SCHOOL

Illness/Injury: Students who are ill or seriously injured prior to the school day should be kept home until improved (fever free for 24 hours) or released by a physician. Please do not send ill or injured students to school to be diagnosed by school personnel. Parents are responsible for all follow-up care. Conditions usually requiring exclusion from school include:

- Temperature of 100 or more
- Severe sore throat
- Persistent cough
- Vomiting
- Severe headache
- Undiagnosed rash or skin infection
- Undiagnosed red and/or draining eye(s)
- Lice
- Scabies
- Injury making it hazardous to be in school

If a student becomes ill or is injured, they should report to class and ask permission to see the nurse. If the nurse is not on duty the student should report to the Main Office. During the school day, if a student becomes too ill to remain in school or is seriously injured, reasonable effort will be made to contact the parents. Parents are responsible for both transportation and for follow-up care. If a sudden, possibly life-threatening condition should occur, immediate safety of the student is the school's first concern. Ambulance transportation to a hospital will be arranged. Parents will be contacted as soon as possible. PLEASE BE CERTAIN THAT EMERGENCY INFORMATION IS AVAILABLE IN THE OFFICE. If the student has had a major surgery, major injury or significant communicable disease, please provide doctor's orders for precautions and activity orders upon returning to school.

Health Concerns: Parents are responsible for informing the school nurse each new school year of any medical conditions that may affect their student's functioning and welfare at school.

Accidents: All potentially serious school injuries must be reported to school personnel at the time of the injury. Any school personnel present at the time of the injury are to initiate an Accident Report and file it with the school nurse. The parent is responsible for cost of all medical care and other services associated with the accident.

Personal Supplies: Parents and students are responsible for providing personal items. Feminine supplies are provided by the nurse as needed.

Physical Education Exemption: Any health condition requiring an excuse from PE classes for more than a few days must be verified in writing by the student's physician. School personnel do not diagnose and do not exempt students from PE classes on a routine basis.

Cleanliness: During the school year, the school nurse may speak to students regarding cleanliness and healthful hygiene habits. Students may be checked for pestilence and skin disorders. Students are to be clean when sent to school and may be excluded under State Department of Health regulations if good hygiene is disregarded.

Hearing Screenings: Hearing screenings are given to all seventh graders, new students, and those referred. Parents are notified of any problems by the speech and hearing clinician.

Vision Screenings: Vision screenings are given to eighth graders, new students, and those referred. The school nurse informs parents if the screening test indicates need for medical follow-up. If a parent prefers his/her child not receive a screening test, the nurse must be notified in writing.

Religious or other Objections to Vision & Hearing Screenings: If the student has a religious or other objection to testing, the nurse must be notified in writing. All exemptions must be renewed every year.

Insurance: The school does not provide health insurance for students. Information for obtaining health insurance for children is available from the Tippecanoe Community Health Clinic or Tippecanoe County Division of Family and Children.

Lockers and Desks

Locker problems should be reported to the office. To open a locker, turn the dial to the right, go past the first number once and stop on the second number. Then turn the dial to the left. Go past the second number one time and stop on it the second time. Turn the dial to the right to the third number and lift the handle of the locker door. To lock a locker, spin the dial at least one full turn to the left.

Friendly reminders about lockers:

- Your locker combination is unique to you. Sharing your locker combinations with other students is not a good idea.
- The items in your locker belong to you. Other students should not store items in your locker.
- Lockers should not be set. Please use your combination each time you access your locker.

Students are not allowed to put stickers or decals on the inside of their lockers. Students may only use Scotch tape to post appropriate pictures, cards, or notes.

Equipment, such as lockers and desks, belong to the school district and are used by students as a convenience. The lockers and desks are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or education function, or which are forbidden by state law, federal law, or school rules. Students should realize that they have no expectation of privacy from school authorities as to desks and lockers that the student uses, and such equipment may be inspected or searched by school authorities when the school authorities deem it appropriate.

Monthly menus are available for students and parents/guardians at www.lsc.nutrislice.com. In addition, menus are posted in the school and are available on the Food Service page of the LSC website. **Menus are subject to change if circumstances warrant it.**

Parents/guardians may send money to school in an envelope marked with the student's name. Payments should be turned into any food service cashier. The payment will be credited to the student's cafeteria account. Payments may also be made

at www.MyPaymentsPlus.com. This link can be found on the LSC website under the Parents tab. The cafeteria account balance will carry over from school year to school year.

An application for free and reduced priced meals must be completed each school year unless the family receives notification that they are directly certified for free meal benefits. Applications may be submitted any time during the school year. Free and Reduced Lunch Application Forms are available online (<http://lscfronline.lsc.k12.in.us/>) or in the Guidance Office. Please see your guidance counselor to learn more about the process of completing application forms.

Please refrain from removing food from the cafeteria. Students are responsible for cleaning up after themselves. All paper and left-over food should be placed in a trash can.

Policy on Charging School Lunches:

The Federal Guidelines for the Child and Nutrition Program require that notice be given to you about how the charging of school lunches must be handled. This policy applies to all students purchasing a school meal.

The guidelines for the Lafayette School Corporation require that when a child has requested a school meal without funds to pay for it, payment is expected the following day. A maximum of three (3) unpaid lunches are allowed before students are allowed the following two options. The first option is receiving a cheese sandwich (in lieu of the main item served that day), along with the normally served fruit, vegetable, and milk. This alternate serving is a qualified meal per the federal guidelines, and will be charged to the child's (parent's) account. The second option is that the child may call home (from the school office) to request money or have a lunch brought from home.

Please help your child by keeping your account current and not charging additional school lunches when getting to the overdrawn level. Should you have questions about this procedure, contact the Director of Food Services for the Lafayette School Corporation at (765) 771-6145.

Cafeteria Expectations

The Broncho family supports healthy bodies and minds. The cafeteria is space that supports this goal. In order to ensure quality meals and pricing, students are asked to uphold the following expectations:

- Students must pay for all items. Students who cannot account for payment will be reported to administration for disciplinary review.
- Students will use their lunch account information only. Using the account of another student will also lead to a disciplinary review.
- Food will not be eaten in the cashier line.
- To keep the serving lines moving, visiting with friends is reserved for seating.
- Students will place trash in the waste cans located throughout the cafeteria.
- Movement at lunch is encouraged. Students are asked to follow passing period conduct when going to and from the cafeteria during lunch period. This is important as classes will be in session.

Lafayette School Corporation Anti-Bullying Prevention, Procedures, and Plan

Mission Statement: The Lafayette School Corporation (LSC) believes that bullying can be addressed with the proper education and implementation of strategies.

Purpose: LSC will provide a safe learning environment to learn and achieve. LSC has found that bullying causes physical and emotional harm to students, which interferes with the learning process. It's the LSC objective to create an environment free of bullying so students feel safe and supported to succeed academically, emotionally, and physically.

Scope: The Anti-Bullying Plan protects students against bullying and harassment based on race, gender, religion, nationality, disability, ability, and orientation. According to IC-20-33-8-13.5, bullying is not tolerated:

- on school grounds immediately before or during school hours; immediately after school hours, or at any other time when the school is being used by a school group;
- off school grounds at a school activity, function, or event;
- traveling to or from school or a school activity, function, or event;
- using property or equipment provided by the school; or
- through the use of data or computer software that is accessed through a computer, computer system, or computer network of LSC.

Definition: IC 20-33-8-0.2 Bullying means overt repeated acts or gestures, including:

- verbal or written communications transmitted,
- physical acts committed, or
- any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student.

LSC Bullying Categories:

Cyber bullying - Cyber bullying is bullying that takes place online, through either email, chat rooms, social networking services, text messages, instant messages, website postings, blogs, or a combination of means. Cyber bullies may conceal their identity so that their victim experiences an anonymous attack. The content of cyber bullying can consist of all of the types of content mentioned in emotional bullying above, including posting insulting and derogatory comments about someone or sending such comments to someone; sending mean or threatening messages; gossiping about someone online including posting sensitive or private information; impersonating someone in order to cast that person in a bad light; and excluding someone from an online page or group. Unwanted contact, also known as harassment, is another form of cyber bullying.

Verbal/emotional bullying - Emotional bullying is bullying that involves factors other than physical interaction, such as insults, derogatory remarks, name calling, and teasing. Also included are attempts to ostracize the victim, such as being left out or ignored, which is sometimes referred to as social bullying, as distinguished from verbal bullying. Emotional bullying could also take the form of purposely misplacing or hiding someone's belongings. Emotional bullying can be done in person or through cyber bullying.

Physical bullying - is bullying that takes the form of physical abuse, such as pushing, shoving, hitting, fighting, spitting, and tripping. Threats of physical harm and attempts to force people to act in ways they would prefer not to are also included.

Sexual harassment/sexual bullying - repeated unwelcome verbal or physical acts that are of a sexual nature that make the victim uncomfortable or unsafe.

Racial bullying - repeated unwelcome verbal or physical acts that are of a racial nature that make the victim uncomfortable or unsafe.

Religious bullying - repeated unwelcome verbal or physical acts that are of a religious nature that make the victim uncomfortable or unsafe.

Pack bullying (large groups) will be noted under any of the above categories

Choice Language:

- Bullying - An intentional, repeated, unwanted, intimidating behavior.
- Conflict - A disagreement or argument.

- Resolution - A decision or solution to a conflict.
- Retaliation - An action that is given in return to an offense.
- Cyber bullying - Online social cruelty using cellphones, computers, or other electronic devices to humiliate, harass, embarrass, or taunt someone with words or images. It may include social-emotional threats or threats of violence.
- Harassment - To be tormented.
- Sexual Harassment - Repeated comments or gestures of a sexual nature, or unwanted sexual contact.
- Teasing - To make fun or provoke someone.
- Hazing - To force someone to participate in unwanted tasks.
- Bystander/Witness - A person that witnesses an event or action, but doesn't take part in the event or action.

Investigations: The investigation should take place at least within three (3) days of receiving a misconduct report (see Appendix A). The investigation should be completed at least within ten (10) days of receiving the misconduct report.

Step 1: Student that is being bullied must identify the initiator, incident, and any witnesses.

Step 2: Appropriate school personnel will conduct an investigation and interview the person being bullied, the initiator, and all witnesses.

Step 3: Research will be done to see if there are any patterns of behavior.

Step 4: School personnel will assess the effects of the incident in correlation of safety and to ensure that no one's civil rights are being violated and determine whether or not the incident is bullying. If it is bullying, the Anti-Bullying plan will be implemented which will also consist of steps 6-9.

Step 5: School officials will determine consequences.

Step 6: In conjunction with step 6, school officials will notify the parents of the victim, the parents of the initiator, and if appropriate, Lafayette Police Department, of the incident.

Step 7: All details of the investigation and/or administrative actions will be documented in PowerSchool.

Step 8: Within thirty (30) days, school administration or their designee should conduct follow up inquiries to see if there have been any new incidents. If so, there will be further action in order to prevent repeated incidents.

Education for students: Grade level education as appropriate will be given at the various levels. Elementary school counselors will provide classroom instruction on what bullying is, how to report bullying, and strategies for kids. Middle and Secondary schools will provide education on how to report bullying. Teachers and counselors will be trained on Indiana law and LSC's anti-bullying procedures.

Education for teachers: Classroom teachers and school support staff will receive annual training on bullying and LSC's anti-bullying plan.

Consequences for students who are exhibiting bullying behavior: Recognizing that bullying is disruptive and interferes with the schools purposes or educational functions of LSC, school officials will discipline students for bullying as deemed necessary. This is in accordance with the provisions of IC-20-33-8-14 and LSC progressive discipline practices.

Interventions for bullied students/bullying students: Schools will attempt, whenever possible, to first try interventions with bullied or bullying students and/or refer students to the Problem Solving/RTI Building level teams.

First Reported Offense: Student will meet with a counselor/administrator and will be advised of potential consequences. The incident will be logged and parent/guardian will be notified via written notification or phone call.

Each Additional Reported Offense: Student will be referred to administration. Incident will be logged and further action will be taken. Depending on the severity of the reported incident and other related factors, suspension may result at any point in the process. Suspension is defined according to IC-20-33-8-7 as any disciplinary action that does not constitute an expulsion, whereby a student is separated from school for a period not more than ten (10) school days. Expulsion, as defined by IC-20-33-8-3, is when a student is separated from school attendance for a period exceeding ten (10) school days. When expelled, a student could be assigned to attend an alternative school, an alternative educational program, or a home bound educational program. False accusers of bullying will have appropriate consequences as deemed by the administration.

Section VI: School Safety

The responsibility for keeping Tecumseh Junior High School safe and secure rests on each person that shares this environment. You play a large part in the safety of the people with whom you learn, laugh, and share experiences.

- Please do not open a locked door at school to admit anyone.
- Report a situation (anonymously if you wish) that has the potential to harm an individual or many people.
- Care enough about your friends and classmates to let a teacher, counselor, or administrator know if they are suffering.

Another reporting avenue is the WeTip hotline provided by Tippecanoe County. It is available to report any criminal activity you become aware of in the county. The number is 1-800-78-CRIME or 1-800-782-7463.

Video Surveillance

Video cameras are used inside and outside of Tecumseh Junior High School. The data provides the administration with an additional tool to enhance safety and security of guests, students, staff, and school property. Video data is to be used exclusively by the Tecumseh administration and LSC security staff. Certain circumstances may warrant parents the administrative permission to view video surveillance. Storage of recorded data will be limited to 10 calendar days unless the situation requires longer storage according to Tecumseh administration or the LSC security staff.

Fire Drill

The State of Indiana requires that each school conduct at least one fire drill per month. The following rules should be observed during a drill:

- 1. In the classroom:**
 - a. Pupils leave all books and working materials where they are.
 - b. Perfect order is to be observed. Please be silent.
 - c. First student passes to the door and holds it open.
- 2. In the Corridors and Stairways:**
 - a. Pass in single file unless otherwise instructed.
 - b. The first person through the corridor doors is to hold doors open until all students are through the doors.
 - c. The first person through the outside doors is to hold doors open until all students are through the doors.
 - d. Follow the route assigned, keep silent, walk briskly, but do not run.
- 3. Outside the Building:**

- a. All groups pass to points beyond danger.
- b. KEEP PERFECT ORDER and silence while the teacher takes attendance.
- c. Sections enter in reverse order - on signal - keeping silent!

Each teacher will explain the route to take from his/her class during the first week of school.

Severe Storm Drill

The State of Indiana requires that each school conduct one severe storm drill each semester. Students should remain silent at all times in order to hear instructions. Students should remain in single file during the drill when reporting to the first floor. Each teacher will explain the route to take from his/her class during the first week of school.

Drills - Evacuation

Evacuation and fire drills are held from time to time, and every room has a specific pattern of evacuation. All students and teachers should be familiar with the pattern for any room they occupy.

In a tornado or disaster drill, the teacher will move students into the halls according to the predetermined plan.

All alarms are to be followed unless the persons in the office indicate otherwise by means of the intercom.

Law Enforcement and Security Personnel

A School Liaison Officer from the Lafayette Police Department maintains an office at Tecumseh for the purpose of communication and coordination with the local judicial system. Additionally, off-duty police officers are hired to maintain security at the school. They swear to uphold the law at all times. As they are still police officers when they are at the school, they must make arrests as they would if they were on the street.

Quest

In order to provide coordinated services for students and families, an inter-governmental agreement was created to allow information related to attendance, discipline, and grades to be shared for students who are on court-ordered probation. Information is entered and shared through the QUEST database. In addition, the principal may enter information into the QUEST database for students suspended or expelled from school or students arrested for actions related to school incidents. The QUEST database allows people permitted by the Judge of the Juvenile Court to share information intended to coordinate services for a particular individual or family. People currently designated to share information contained in the QUEST database include people representing schools, probation, Superior Court 3, the Lafayette Police Department, the Prosecutor's Office, Juvenile Alternatives, and Child Protective Services.

Section VII: Student Activities

Student Activities Program

The school provides educational experiences of several types. The classroom instructional program is the dominant means of attaining the school's objectives. The student activities program is an additional means of fulfilling the school's objectives characterized by extensive student participation in both planning and carrying out of these activities.

Students who become involved in an organization develop wider and stronger interests in the school and develop a good school spirit.

Students with good school spirit are better motivated and find school more rewarding, thus promoting better achievement in school subjects.

Experiences in the student activities program are designed to help meet the leisure, recreational, social, and emotional interests and needs of all students. These experiences also provide opportunities for specialization in areas of the curriculum of particular interest to individual students.

The student activities program is planned:

1. To broaden social contacts and develop desirable social attitudes.
2. To develop understanding and cooperation among social and ethnic groups within the student body.
3. To develop democratic leadership and positive cooperative attitudes.
4. To provide the students an opportunity for fun, positive, cooperative activities.
5. To provide opportunity for students with special interests, and to provide opportunities for carry-over value to out of school life.
6. To provide an opportunity for student opinion and expression.
7. To provide the students with the opportunity to exercise responsibility and to acquire an appreciation for authority and the principles of fair play.

Expectations for Students in School Activities

Any student who represents Tecumseh Junior High School should exhibit the highest standards of personal behavior. When a student becomes an active member of the school organization which functions during non-instructional time, that student takes on a special responsibility to conduct him/her in an exemplary manner. She/he must conscientiously fulfill all the rules established for the organization. Students involved in organization activities are expected to behave in accordance with the school rules. Failure to meet these expectations when at school or while representing the school may result in disciplinary actions.

Sports, Clubs, Organizations

Extracurriculars

Lafayette Tecumseh Junior High School provides a variety of extra-curricular activities. Students need an opportunity to work in groups, practice leadership skills, develop school spirit, and explore in more detail activities they really enjoy. Students are encouraged to get-involved at Tecumseh by joining a club, participating in a sport, or being a member of one of the various organizations.

A user fee is charged for each sport, and scholarships will be provided for students unable to pay. An interscholastic sports program is provided at the seventh and eighth grade levels, which consists of the following:

STUDENT BEHAVIOR AND DISCIPLINARY CODE

Discipline Philosophy

The Lafayette School Corporation Board of School Trustees believes that learning takes place in an environment that is safe, caring, positive, cooperative, pleasant, and challenging. It is the policy of the Lafayette School Corporation to provide students with an environment that will enable them to focus upon learning as their major goal. In order for the expected learning environment to exist, students must conduct themselves with self-control, exhibiting respect for the rights of fellow students, teachers, administrators, and other employees. Self-discipline is the controlling behavior. Self-discipline is best defined as the control exhibited in an individual's behavior so that the civil rights and dignity of others are protected. Parental involvement, guidance, and support are necessary aspects in the development of student self-discipline.

Behavior of any student that disrupts the learning environment of others or creates conditions, which jeopardize the safety of others, will cause discipline procedures to be initiated by teachers, and/or administrative personnel. School personnel will use discipline procedures throughout the corporation in order to maintain the expected learning environment.

Lafayette School Corporation does not discriminate on the basis of race, sex, or national origin in regard to disciplinary actions against students who choose to violate school corporation rules and regulations.

Restorative Practice

While negative consequences can impact student behavior, it is often even more impactful to direct the student to repair the harm that they have done. Tecumseh strives to implement restorative practices alongside negative consequences and in some cases in lieu of negative consequences in order to repair the harm to the relationships between offenders and victims, and offenders and the community that resulted from their actions. Restorative practices allow the response to shift from strictly punishment of the offender towards a focus on positive outcomes for both parties.

Lunch Detentions

A lunch detention may be assigned when a student violates classroom or school rules. A lunch detention is assigned by an administrator but individual teachers have the ability to assign their own lunch detention as well. Students receiving lunch detention will be given prior notice. Failure to serve a teacher detention will result in a referral to an administrator.

Teacher Detentions

A teacher detention may be assigned when a student violates classroom or school rules. A teacher detention is assigned by a classroom teacher. The student will be given a 24-hour notice prior to serving the detention. Failure to serve a teacher detention will result in a referral to an administrator.

Monday & Wednesday Office Detentions

Office Detentions may be assigned when a student violates classroom or school rules. A Office Detention is assigned by an administrator. The student will be given a 24-hour notice prior to serving the Monday/Wednesday detention. Failure to serve an Office Detention will result in a referral to an administrator. Office Detentions are held from 3:30-4:30 each Monday and Wednesday Students serving a Wednesday/Friday detention will be released from the front office at 4:30.

Saturday Office Detentions

Saturday detentions may be assigned when a student violates classroom or school rules. A Saturday detention is assigned by an administrator. The student will be given a 24-hour notice prior to serving the Saturday detention. Failure to serve a Saturday detention will result in a referral to an administrator. Saturday detentions are held from 9:00 am -12:00 pm each Saturday. Students serving a Saturday detention will be released from the front office at 12:00 pm.

In-School Suspension

In-school suspension is utilized when a student's removal from class is necessary to maintain a school climate that is conducive to student learning and safety. A student may be assigned to in-school suspension for the period or the entire day depending on the level of classroom disruption they have caused.

Out-of-School Suspension

Out-of-school suspension is utilized when a student's removal from Lafayette Tecumseh Junior High School is necessary to maintain a school environment that is conducive to student learning and safety. A student may be assigned to out-of-school suspension for up to ten days.

Possession of Tobacco/Vape

Indiana Law prohibits young adults under the age of eighteen to possess or purchase tobacco products. If a student is found in possession of tobacco the following two things may occur:

- In school suspension or out-of-school suspension for up to five days.
- Police may be notified and a ticket issued for possession of tobacco by a minor.

Off School Grounds

The school has responsibility for students while they are going to school, attending school and returning home. During these times students who violate school rules or otherwise commit misdemeanor/felony offenses will be referred to the appropriate administrator and/or police for appropriate action. Indiana law states that a student may be expelled or suspended for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function.

DISCIPLINE

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the school corporation, school officials may find it necessary to discipline a student. In this event and in accordance with the provisions of I.C. 20-33-8-14, administrators and staff members may take the following actions:

1. REMOVAL FROM CLASS OR ACTIVITY - TEACHER:

A teacher may remove a student from his/her class or activity for a period of up to one (1) school day if the student is assigned regular or additional work to be completed in another school setting.

2. SUSPENSION FROM SCHOOL - PRINCIPAL:

A school principal (or designee) may deny a student the right to attend school or take part in any school function for a period of up to ten (10) school days.

3. EXPULSION:

A student may be expelled for a period no longer than the remainder of the current semester plus the following semester, with the exception of possession of a firearm, destructive device, or a deadly weapon listed under the Grounds for Suspension or Expulsion, which may result in an expulsion period of at least one calendar year.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

3. The request to appear at the expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the date, time, place, and purpose of the meeting.
4. At expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within ten (10) days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of both the school administration and the student and/or the student's parent or legal guardian. The board will then take any action deemed appropriate. The Board will not hear the appeal if the appeal meets the following criteria:

- A. The student has not been expelled or required to attend an alternative school.
- B. The expulsion officer has found the student has engaged in prohibited conduct of the type enumerated below, unless a.) the student has denied commission of the misconduct for which the expulsion has been ordered and b.) significant new evidence favorable to the student and not available at the time of the expulsion meeting has been discovered, and is specifically described in the request for appeal:

 - i. Except for approved school purposes, knowingly possessing, handling, or transmitting a knife or any other object that can reasonably be considered a weapon, or looks like a weapon.

 - l. Possessing, using, transmitting, or selling tobacco.

Section IX: Dress Expectations

APPEARANCE

Tecumseh Junior High School officials recognize that the right to be an individual is an important right to each person. School officials are also aware that it is extremely important for students to be able to express their individuality, so long as it doesn't interfere with anyone else's right to an education, for which we are here.

The clothes students wear can be a form of self-expression and are viewed as a symbol of their character. The school recognizes and appreciates the students' right to express their individuality through school attire.

Student dress should reflect the prevailing expectations of the Lafayette School Corporation where health and safety, common decency, and proper maintenance of the school facility are major considerations.

Health and Safety: Students should not wear clothing or hairstyles that can be hazardous to them in school activities such as lab work, shop, physical education, and art. Grooming and dress which prevents students from doing their best work because of blocked vision or restricted movement will not be allowed. Furthermore, dress styles that create a disruption of teaching and classroom order will not be permitted.

Common Decency: Clothing with wording or pictures that, in the opinion of school personnel, tend to undermine the educational atmosphere and purpose is in violation of this guideline. Clothing with wording that is in bad taste; clothing with wording that lists negative ethnic, political, or sexual comments, or clothing with wording that promotes alcoholic establishments or tobacco products will not be worn. It is expected that students will wear clothing that is neat and clean while attending classes and school functions. Appearance, including dress, make-up, and hairstyles, may be regulated by the school when the health or safety of a student is endangered; the appearance is disruptive, and thus, distracting to the educational process; or there is an existing ordinance or law. The administrator will make the final determination regarding

appropriateness of clothing. Teachers, administrators, coaches, and activities sponsors may take disciplinary action against students whose appearance is not consistent with expectations of school officials.

Below is clarification of clothing, jewelry, or hairstyles, but is not limited to the following:

- a. Shoes must be worn at all times.
- b. Hat and other headgear need to be placed in a student backpack upon entering the building. (Exceptions are single piece headbands and hairbands that do not cover the entire head and do not require being tied together).
- c. Body piercing jewelry or ornamentation that causes a disruption, interferes with the learning environment, or in the judgment of the principal constitutes a health or safety hazard will not be allowed.
- d. Appearance, including dress, make-up, and hairstyles, deemed disruptive to the educational process will not be permitted.
- e. It is expected that while at school or at school functions or activities, students will not wear, possess, use, distribute, display, or sell any clothing, jewelry, emblems, badges, symbols, signs, graffiti, or other items deemed to be evidence of membership or affiliation with a gang. Bandanas are not allowed.
- f. Clothing must be appropriately sized. Clothes (both tops and pants) cannot be skin tight. No jeggings, skinny leg, spandex, or skin-tight pants.
- g. All shirts must cover cleavage and be at or below the waistline. All pants must remain at or above the waistline. Undergarments should not be visible.
- h. Rips or tears in clothing must not expose shoulders, cleavage, stomach, or skin above the mid-thigh even if there is clothing underneath the tears.

The Student Records Policy of the Lafayette School Corporation complies with the provisions of the Family Educational Rights and Privacy Act of 1984, Public Law 93-380.

In broad outline, this policy provides for the following:

1. The Act concerns the student records of both elementary and secondary schools.
2. The parent's right under this Act extends until the student is 18 years of age, or is enrolled in a post-high school institution; hereafter, only the student may exercise the rights.
3. Parents have a right to examine their children's records at reasonable times and, in certain circumstances, in accordance with school policy to purchase a copy of such records.
4. The parent has a right to have a record corrected if it is inaccurate, misleading, or is otherwise in violation of the privacy or other rights of students.
5. If, as a result of a hearing, the school decides that the information in the record is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student parents have the right to place in the education records of their child a statement commenting upon the information in the education records and/or setting forth any reasons for disagreeing with the decision of the school to leave the

contested information in the students record.

6. A record must be kept with each student record showing who examined it, the date on which it was examined, and the purpose of the examination. School officials of this district who have a legitimate education interest in the student are exempted from this requirement by the Act.
7. Certain persons may examine student records without a parent's consent. These include school officials, including teachers who have legitimate education interest; officials of other schools or school systems where a transfer is made; and certain representatives of the state and federal government with various limitations.
8. Any person may receive the records, if the parents execute a written consent specifying the records to be released, the reasons for such release, and the person to whom they are to be released. A copy will be sent to the parents in such case if requested. The parent may also request and receive a copy of any student record forwarded to another school or school system with a transfer.
9. A copy may also be furnished pursuant to a court order or subpoena, but only if the parents are given advance notice.
10. Certain directory information including the students name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight, and height of members of athletic teams, dates of attendance, awards received, and other similar information may be released without parental consent unless the parent notifies the school district in accordance with the Students Records Policy that they do not want certain designated directory information released without prior consent.

The Board of School Trustees has adopted a policy implementing the provisions of this Act. A copy of this policy and the Act are on file and available for inspection at the office of each school principal and at the office of the superintendent of schools.

For a student recommended for expulsion and charged with the first offense for possession or use, the principal may offer to have the student's expulsion suspended if he/she enrolls and participates in an appropriate intervention-training program as recommended by the assessment counselor. If a student does not enroll and complete the recommendation of the assessment counselor, the expulsion order shall remain in force. The assessment counselor's recommendation may require the student to:
 - a. Participate in an appropriate educational program approved by the principal;
 - b. Participate in an out-patient counseling program; and/or

- c. Participate in an in-patient program.
5. Parents shall be responsible for paying any costs associated with services recommended by the assessment counselor.

V. FALSE REPORTING

Any complainant who knowingly files false charges against an employee or student in an attempt to demean, harass, abuse, or embarrass that individual shall be subject to disciplinary action consistent with school policy and state law.

VI. NOTIFICATION OF THIS POLICY

Notice of the policy will be circulated to all schools and departments of the Lafayette School Corporation and incorporated in each student handbook.

Appendix C – Electronic Information Source Policy I609

It is the policy of the Lafayette School Corporation to provide access to electronic information sources to all schools within the financial resources of the Lafayette School Corporation. The Lafayette School Corporation views electronic information sources as extensions of school libraries, opening up vast, diverse, and unique resources to extend and enhance the learning process.

It is recognized that a small percentage of the material available in this format may not be considered to be of educational value within the context of the school setting. However, on a network where people from around the globe are adding material continuously, it is impossible to ensure that a user will not encounter controversial material. It is believed that the information and interaction available outweigh the potential that users may encounter material that is inconsistent with the educational goals of the Lafayette School Corporation.

Therefore, prior to using electronic information sources, each user must have a signed Electronic Information Source Use Agreement on the file in the school. Student agreements must contain the signature of the student, and, if the student is under the age of 18, the signature of the parent or guardian.

ELECTRONIC INFORMATION SOURCE AGREEMENT

Access to electronic information is now available to students and staff in the Lafayette School Corporation. It is believed that electronic information sources are extensions of the school library, opening up vast, diverse, and unique resources to extend and enhance the learning process. The goal in providing this service is to continue to promote educational excellence through resource sharing and communication.

The Internet/Intranet (network) is made up of hundreds of thousands of computers throughout the world, and millions of individuals who publish, discuss, and collaborate on the full range of imaginable topics. Some of the multitude of resources available to students and teachers include:

1. Unified Communication (UC)- the ability to communicate with people around the world.
2. Libraries - access to many university library catalogs, the Library of Congress, and ERIC .
3. Software that has been approved by the district.
4. Data Management Systems – the ability to input grades by teachers, view grades and standardized test scores by students and parents, view schedules etc.

The District expects that teachers will blend thoughtful use of the network throughout the curriculum and will provide guidance and instruction to students in its use. As much as possible, access from school to Internet resources should be structured in ways that point students to resources evaluated prior to use.

With access to computers and people throughout the world comes the availability of material that may not be considered to be of educational value within the context of the school setting. On a network where people from around the globe are adding material continuously, it is impossible to ensure that a user will not encounter controversial material. Users bear the same responsibility with information on the Internet as they do with any other information source, such as television, telephones, radio, movies, and other possibly offensive media. The information and interaction available outweigh the potential that users may encounter material that is inconsistent with the educational goals of the Lafayette School Corporation. To this end security systems are in place to protect students and staff to the extent possible from accessing material that is not of educational value.

Electronic information is provided through a complex association of governmental agencies, regional and state networks. The operation of the network relies on the proper conduct of the user, who must adhere to strict guidelines. The guidelines are provided here so students and parents are aware of the responsibilities assumed. This means using the network resources efficiently, legally, and ethically. If a Lafayette School Corporation student user violates any of these provisions, he/she may face disciplinary consequences determined by building level administration. If a Lafayette School Corporation staff user violates any of these provisions a consequence ranging from verbal reprimand to

dismissal may result.

The Electronic Information Source Agreement is to be completed annually during registration. Acceptance of this document is legally binding and indicates the party who accepted has read the terms and conditions carefully and understands its significance.

This includes, but is not limited to, the uploading or sending of computer viruses.

VII. It should be understood that a student who violates the agreement and has access denied to electronic information and data management systems may put themselves at risk of earning the type of diploma they desire. Many courses are constructed with great reliance on electronic information use and/or data management systems use. A student who has lost these privileges may be denied enrollment into certain courses.

Appendix D – Visitors to Schools K122

The board invites parents and/or citizens of the school corporation to visit schools. Because schools are a place of learning, the following stipulations are established concerning these visits:

- B. Any visitor shall inform the principal's office of his/her presence upon arrival at the school.
- C. Parents or citizens who desire to observe a particular classroom while school is in session shall obtain approval for such visits in advance from the principal, assistant principal, or central office administrator. In the event the principal is not available, the principal shall designate an assistant principal to determine the approval for such visits. Before approving any visit the principal or the designated assistant principal shall confer with the teacher whose class is to be visited not less than 24 hours before the requested visit, to determine whether and when a visit may be appropriate, the length of the visit and any other issues or concerns the teacher may have. Time limitations may be established so that class disruptions and distractions may be kept to a minimum.
- D. Teachers who arrange visitors to their own classrooms or school shall inform the principal's office of such visitations.
- E. Teachers shall not take instructional time to discuss class events, procedures or individual matters with visitors. It is recommended that a separate time be arranged with the teacher to discuss the visitor's classroom observations.

Building principals are authorized to refuse entry to schools to persons who do not have legitimate business at the school and to request any unauthorized person or person engaging in unacceptable conduct to leave the school grounds. Furthermore, building principals or designees are authorized to request assistance of law enforcement officers in cases of emergency and to seek prosecution to the full extent of the law when persons violate the provisions of the district policy including but not limited to trespassing on school grounds, damage to school property, loitering, and disruptive activity.

Appendix E – Student Lockers and Student Personal Possessions

All lockers made available for student use on the school premises, including lockers located in the hallways, physical education and athletic dressing rooms, industrial education classrooms and art classrooms, are the property of the school corporation. These lockers are made

available for student use at the school, but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules. A student may not expect to have privacy in a locker or its contents.

The student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents to ensure that the locker is being used in accordance with its intended purpose, and to eliminate fire and other hazards, maintain sanitary conditions, attempt to locate lost or stolen material, and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs, paraphernalia, or alcohol.

The school corporation also reserves the right to inspect personal property of the students, including coats, jackets, backpacks, purses, and bags or other personally carried items by non-bite dogs through dog sniffs. Based upon reasonable suspicion, probable cause or consent, the school corporation may then search the personal property of students. These inspections and potential searches shall occur by students being required to place their coats, jackets, backpacks, purses, and bags, or other personally carried items wherein said items will be placed in a hallway and the students will then remain in or return to classrooms. All students are advised that under these circumstances the students shall have no expectation of privacy of the contents of said coats, jackets, backpacks, purses, and bags or other personally carried items.

At the direction of the Superintendent, or his designee, the Administration may make use of dogs, law enforcement officials, or other appropriate technology to inspect school premises, including school lockers, and students' coats, jackets, backpacks, purses, and bags or other personally carried items.

Appendix F – Special Education

Greater Lafayette Area Special Services (GLASS)

The Individuals with Disabilities Education Act (IDEA) is a federal law which guarantees all students with disabilities between the ages of 3 through 21 the right to a free appropriate public education designed to meet their individual needs. It also offers protection for the rights of students with disabilities and their parents/guardians or educational surrogate parents. The Indiana Special Education Rules, known as Article 7, Rules 3-16, provide the legislative and department of education guidelines for implementing special education programs in Indiana, effective January 8, 1992. Article 7 regulates special education programs and related services provided by the public schools as well as the state operated and state supported programs.

Greater Lafayette Area Special Services, better known as G.L.A.S.S., is a special education cooperative sponsored by Lafayette School Corporation, Tippecanoe School Corporation, and West Lafayette Community School Corporation. All licensed personnel and support staff within the student's school of legal settlement work together to implement the responsibilities of public schools defined in Article 7. Parents are also involved in every step of planning educational services for their child with a suspected disability.

Students who are eligible to receive special education services must be evaluated by a multidisciplinary evaluation team and, at a case conference, must be determined eligible based on one of the following eligibility categories: Autism spectrum disorder, Blind or low vision, Cognitive disability, Deaf or hard of hearing, Deaf-blind, Developmental delay (early childhood) Emotional disability, Language or speech impairment, Multiple disabilities, Other health impairment, Orthopedic impairment, Specific learning disability, Traumatic brain injury.

The case conference committee, which includes the student's parents, will then develop an individualized education program (IEP). The IEP will be designed to meet the student's unique needs that could include related services as needed in order to assist a student to gain the greatest access to the general education curriculum. Each student with a disability is educated in the

least restrictive environment. Through evaluation the case conference committee determines the service and placement of the student.

Evaluation Process

511 IAC 7-40-4 Initial educational evaluation; public agency written notice and parental consent

Sec. 4. (a) Either a parent of a student or a public agency may initiate a request for an educational evaluation to determine if a student is eligible for special education and related services under this article. The public agency makes every effort to help parents understand the educational evaluation process including filling out forms, rating scales, questionnaires.

If you have any questions or concerns about the evaluation process please contact your child's educational administrator.

Appendix G – General Education Intervention

The following procedure meets the requirements set forth by the state for general education intervention when there is concern about the educational progress of a student. In most situations this procedure is a prerequisite for referral to special education.

Procedures:

1. A student study may be initiated by a parent, a teacher, a specialist or an administrator who is concerned about the educational progress of a student. The referring agent will obtain the "Request for Student Study" form from the building principal or his designee.
This form will include a checklist of criteria behavior.
2. The general education intervention procedure shall not preclude or delay an educational evaluation if:
 - a. The nature and severity of the student's learning problems, or suspected or known disability, are such that general education intervention is considered to be of no benefit; or
 - b. The parent has requested an educational evaluation and does not elect to withdraw or delay that request.
3. The date the "Request for Student Study" form is complete and received by the principal or his designee begins a twenty instructional day period during which the following will occur:
 - a. The building principal/designee will convene a building based team which includes the student's general education teacher.
 - b. The building based team will review the "Request for Student Study" and determine whether interventions in the general classroom are appropriate to pursue. If so, the checklist will be used to generate appropriate intervention strategies.
 - c. If general education interventions are not appropriate, the team determines whether an Article 7 referral or a Section 504 referral should be initiated.
4. School personnel are not required to notify a student's parent that generalized observation of the student in the course of the student's daily school activities prior to or during the implementation of general education intervention procedures by school personnel may or will occur.
5. The design of the general education intervention strategies will include specific timelines for implementation in the classroom and the review of the results of those strategies. At the end of the specified period of time, if the interventions have not produced a desirable change in the student's educational progress, one of the following will occur:
 - a. The intervention will be redesigned, implemented for another specified period, and documented.
 - b. The parent will be asked to consent to an Article 7 or Section 504 education evaluation.
6. The building principal/designee will send the parent the "Parent Notification of General Education Intervention Plan". This form letter will include the following:
 - a. The types of intervention to be used and the reasons for the interventions.
 - b. The timelines established for implementation and review of the interventions.
 - c. The parent's right to meet with the persons involved in the interventions.
 - d. The parent's right to initiate a formal request for an educational evaluation.
7. All forms and checklists become part of the student's educational record and, as such, can be released and/or accessed by the parent.

Appendix I – McKinney Vento Homeless Student Statement of Rights

The National Center for Homeless Education has broadened the definition of a homeless student to include any student lacking a fixed, regular and adequate nightly residence. The definition of homeless now includes those living in a shared residency situation, those living in shelters, those living in motels or hotels or campgrounds, and those unsheltered. It also includes students who are unaccompanied and are not living with their parents or a guardian.

As parents raising children while trying to manage the difficulties of homelessness, the last thing you want to worry about is your children's education. The McKinney-Vento Act was created to give your children some rights as you navigate your way to a permanent housing situation. Your children's rights include:

- **The right to enroll immediately, even if you don't have all the required paperwork.** Schools normally require parents to have birth certificates, proof of residency, school records, and medical records with them when they enroll their children. If you are experiencing one of the housing situations covered by the McKinney-Vento Act, then you can enroll your children without these documents, although you may need to get some of them later.
- **The right to school placement at the school in their best interest.** Your children may go to the school they attended when they were permanently housed, also called their school of origin, even if you are not staying in that district. Alternatively, your children may attend the school where you are temporarily staying. This right lasts the entire duration of your homelessness or until the end of the school year after you achieve permanent housing.
- **The right to transportation services.** Schools must provide your children with transportation to their school, if feasible, until you get permanent housing. Parents who need this service for their children should request it from the McKinney-Vento Liaison.
- **The right to other services.** The fees for breakfast and lunch provided by the school, as well as the fees for textbooks, should be waived for your children. They also are automatically eligible for Title I services which may include before- and after-school programs, tutoring programs, or other assistance with the cost of class field trips etc..
- **The right to appeal decisions regarding enrollment and services.** If the school district makes a decision about your child's school enrollment or the services that your child receives (such as transportation) that you disagree with, you have the right to appeal that decision. The school's McKinney-Vento Liaison should be contacted immediately to assist you with the appeal. While the dispute with the school district is being resolved, your child has the right to attend the school or receive the services in question.
- **The right to attend school and school activities without the fear of being singled out.** Children in unstable housing situations cannot be separated from their peers just because of their housing situation. They have the right to attend school and participate in extracurricular activities just like any other student.

The school corporation does have the right to verify all student addresses.

Who can help?

All school corporations must have at least one McKinney-Vento Liaison. The liaison's role is to help families in homeless situations with school related issues. For example, the liaison can help with problems related to enrollment, request transportation on behalf of the children, help obtain immunizations or immunization records and birth certificates, and help mediate disputes with the school district. **Liaisons also help youth without parents or guardians.**

The Lafayette School Corporation McKinney-Vento Liaison is Mandy Fisher. She can be reached at mfisher@lsc.k12.in.us or by calling 765-771-6000.

Appendix J – Notice of Intent to Comply with Title IX

It is hereby made known, as a matter of public information, that the Lafayette School Corporation intends to comply with Title IX of the Education Amendments of 1972 as amended by Public Law 93- 568, effective July 21, 1975, and the Americans with Disabilities Act. You will find the complete Sexual and Racial Harassment policies and procedures for the Lafayette School Corporation on the schools website under the “Parents” heading. Appendix K – Athletic Code of Conduct

STATEMENT

A student who represents Lafayette Tecumseh Junior High School must exhibit, at all times, the highest standards of personal behavior. When the student becomes an athlete, he/she takes on a special responsibility for exemplary conduct because there will be times when he/she will be representing the school to other communities as well as his/her own. Therefore, he/she should follow all the rules established for the sport in which he/she is participating which go above and beyond what is written here. All Tecumseh athletes will adhere to the following rules and expectations:

EXPECTED STANDARDS OF CONDUCT FOR ATHLETES

- The good of the team is first and foremost. While individual needs are important, teamwork is an expectation.
- No player(s) will ever employ illegal tactics to gain an undeserved advantage. All players will devote themselves to being a true sportsman.

- All athletes will obey the specific training and practice rules of their team as given to them by the coaching staff.
- Athletes should not engage in negative activities. Drinking alcohol, taking controlled drug substances, using tobacco products, using profanity and being disobedient are harmful to athletes and their team. Maximum effort and performance cannot be attained by participation in these activities.
- Athletes should be a positive influence in all they attempt to do. They are to work for the betterment of Lafayette Tecumseh and set a good example by doing what is right and good.
- Officials deserve courteous respect. The purpose of officials is to insure both teams a fair contest; they are not responsible for losing games or contests.
- Athletes should appreciate the fact that coaches, teachers and school officials have the best interest of all athletes in mind as they purchase equipment, schedule contests and conduct the athletic program.
- All Lafayette Tecumseh athletes must comply with the standards of our athletic Code of Conduct and school rules or be subject to disciplinary action or dismissal from a team as determined by the rules, coaching staff, athletic director, and/or principal of Lafayette Tecumseh Junior High School.

RULES OF THE CODE OF CONDUCT

ENFORCEMENT OF THE CODE OF CONDUCT

The Athletic Director or his/her designee shall enforce all rules and regulations as described in the Code of Conduct (hereafter the Code) for athletes. While Tecumseh does not belong to the IHSAA, we use their rules as guidelines for our athletes. The Code will be reinforced by the

Any alleged violation of the Code shall be reported first to the coach or his/her designee and then is to be followed by an investigation by any or all of the following people... athletic director, principal or his/her designee. If a violation of the Code has been determined to have occurred, a meeting will take place between the Athletic Director or his/her designee and the athlete in question.

These include, but are not limited to, information from law enforcement and the probation system, internet websites, parent communication, and other personal contacts. Violations of the Code of Conduct have no statute of limitations and will be dealt with as discovered by coaches or administrators. **Violators of any of the above rules will be dealt with under the "Code of Conduct".**

ACADEMIC POLICY

Grade checks are conducted every two weeks during the season. Student athlete eligibility will be reassessed during each grade check window. During each grade check window, student athletes are placed in one of two categories: Full Eligibility or Academic Probation. Student athletes that are on Academic Probation can continue to practice with the team but can't participate in any contests. Students athletes that are on Academic Probation can regain Full Eligibility during the next grade check if they have no more than one "F".

Full Eligibility A student athlete has no more than one F. Fully eligible athletes may participate in practices and games with no limitations.

Academic Probation A student athlete with more than one F during the grade check window is placed on Academic Probation. Student athletes on Athletic Probation may practice with the team but may not participate in games. Student athletes that are Academically Ineligible may practice with the team, at the discretion of the coach, but may not participate in games for the rest of that season.

Athletic Attendance--Students must be in the building by 10:55 am in order to practice or play that day.

If a violation of one or more Tecumseh athletic rules and expectations occur the student/athlete will be granted proper due process procedure.

HEALTH SCREENINGS

1. Cleanliness and freedom from communicable diseases: Students are to be as clean as possible when sent to school. Periodically the nurse may discuss cleanliness with students and check them for head lice, skin disorders, and other possibly contagious conditions. Students may be excluded from school if acute and/or chronic health conditions are found.
2. Vision screenings are available to students upon referral.
3. Hearing screenings are required by state law to be administered to all students in 10th grade, all new students, and all those referred. Parents not wishing to have their child have hearing screenings may notify the principal, in writing, of their objection.
4. Immunization: All students must comply with state immunization laws. Failure to comply can result in the student being excluded from Indiana's public schools.

MENINGOCOCCAL DISEASE

Parents/guardians are strongly recommended to have children immunized against the potentially fatal bacterial infection commonly known as meningitis. Although rare in occurrence in the general population, high school and college age individuals are at higher risk. Meningococcal disease can come on quickly and cause death or permanent disability in a matter of hours of the first symptoms. If you have questions about meningococcal disease and immunization, please contact your child's physician or school nurse.

UNEXPECTED SEVERE ALLERGIC REACTION

Anaphylaxis is a life-threatening medical emergency. Anaphylaxis is a severe response resulting in cardio collapse (shock) after allergic exposure to an antigen. If this occurs, immediate intervention with EpiPen injection and a 911 call is necessary. Each school health office is equipped with an EpiPen to be used for cases of unexpected anaphylactic reaction. The school nurse or trained first responder will administer the EpiPen when allergic reaction symptoms are life-threatening. If an EpiPen is administered a 911 call will be made. (The school's EpiPen is to be used for life-threatening emergencies only and does not replace the student's own prescribed medication. Students with known allergies should have an individual health care plan and provide prescribed medication at school. If your student has a known severe allergy, please inform your student's school nurse.)

Appendix N – Electronic Communication Devices

Electronic Communication Devices

Students may use electronic communication devices (cell phones and other communication devices) before school, after school, and in the cafeteria during lunch periods. At all other times between 7:50 and 3:15 these devices are to be turned off and placed out of sight when school is in session. During a student's lunch, electronic devices may be used in the cafeteria and outside at recess. Failure to comply with this policy may result in disciplinary penalty and the item being confiscated and returned only to the parent or guardian. Information contained on devices is subject to inspection.

Important Notice to Students and Parents Regarding Cell Phone Content and Display

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with "child exploitation" or "child pornography" as defined by Indiana Criminal Statutes.
- Child exploitation. It is a Class C felony under I.C. 35-42-4-4(b) for any person/student (1) to exhibit, photograph or create a digitalized image of any incident that includes "sexual conduct" by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18. Sexual conduct is defined at I.C. 35-42-4-4(a).
- Child pornography. It is a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or who appears less than age 16. Sexual conduct is defined at I.C. 35-42-4-4(a).
- The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.
- Because student cell phones have been found in a number of Indiana school districts to have contained evidence of "sexual conduct" as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system.

Appendix M – Response to Coronavirus (COVID-19)

Response to Coronavirus Disease (COVID-19)

The Lafayette School Corporation, working together with the Tippecanoe County Health Department, has an important role in protecting vulnerable students and staff to help ensure they have safe and healthy environments in which to learn and work. All decisions regarding school-based strategies (i.e.: dismissals, closures, social distancing measures, etc.) are made locally in collaboration with the local health department.

Although evidence shows most children who are infected with COVID-19 display mild symptoms, some children may develop serious illness, especially those children at risk because of underlying health issues. Parents/Guardians should have discussion with their child's primary healthcare provider to determine if remote learning is appropriate until an adequate immunization can take place. The same recommendation is made to staff who are 65 years or older or who have underlying health issues.

The Lafayette School Corporation is prepared to respond to COVID-19 cases when they occur in its facilities. This includes reporting systems, decision-making process regarding closures, disinfecting, etc.

A student, teacher, administrator, or other staff is encouraged to self-screen before coming to school. Anyone who has one or more of the symptoms for COVID-19 infection should stay home and consult their primary healthcare provider. The symptoms include the following:

- A fever of 100.4°F or greater
- Cough
- Loss of appetite, nausea, vomiting, or diarrhea
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

Students and staff will be excluded from school if they test positive for COVID-19 or display one or more of the above symptoms based on Centers for Disease Control (CDC) guidance that is not otherwise explained.

Return to School After Exclusion

Once a student or employee is excluded from the school environment, they may return if they satisfy the recommendations of the CDC. Currently those guidelines are:

Untested

Persons who have not received a test proving or disproving the presence of COVID-19 but experience symptoms may return if the following three conditions are met:

- They have not had a fever for at least 72 hours (that is three full days of no fever without the use of medicine that reduces fevers); and
- Other symptoms have improved (for example, when your cough or shortness of breath have improved); and
- At least 10 calendar days have passed since your symptoms first appeared.

Tested Positive~ Symptomatic

Persons who experienced symptoms and have been tested for COVID-19 may return to school if the following conditions are met:

- The individual no longer has a fever (without the use of medicine that reduces fevers); and
- Other symptoms have improved (for example, when your cough or shortness of breath have improved); and
- At least 10 calendar days have passed since symptoms first appeared; or
- The individual has received two negative tests at least 24 hours apart.

Tested Positive- Asymptomatic

Persons who have not had symptoms but test positive for COVID-19 may return when they have gone 10 calendar days without symptoms and have been released by the student's healthcare provider.

Tested Positive- Impact on School Operations

The Lafayette School Corporation will work closely with the local health department to determine if school closure is appropriate.

Even without symptoms, if a student or employee has recently had contact with a person with a suspected or confirmed case of COVID-19, has someone in their home being tested for COVID-19, or has recently traveled from somewhere the CDC considered to be a "hot spot", the district/school may exclude the student or employee from the school building and recommend they self-quarantine for 14 calendar days.

Clinical Spaces at School

COVID-19 Symptomatic:

Each LSC school will have a room or space separate from the nurse's clinic where students or employees who are feeling ill are evaluated or wait for pick up. All waiting staff and students should wear a cloth face covering. Only essential staff assigned to the room may enter. A record will be kept of all persons who entered the room and the room will be disinfected several times throughout the day. Strict social distancing is required and staff must wear appropriate PPE. Students who are ill will be walked out of the building to their parents. If a student or staff member has a fever, for any reason, the district may adjust their policy to require staff and students to be fever-free, without the use of fever-reducing medications, for 72 hours before returning to school. Additionally, all staff and students with fevers or symptoms associated with COVID-19 may be encouraged to seek medical attention for further evaluation and instructions. Students and staff may return before the 72 hour window has elapsed if they are approved to do so in writing by their healthcare provider.

Clinic Space Non-COVID-19 Related:

Students who do not display symptoms of COVID-19 can be seen and treated in the nurse's clinic. These include students who are injured during the school day or students with special health care needs such as those with chronic health conditions (i.e. - diabetes or seizures), those requiring medical treatments (i.e. - suctioning, tube feeding, or nebulizers), and those with individual health plans.

Confirmed Case of COVID-19 on School Property

When there is confirmation that a person infected with COVID-19 was on school property, the district will contact the local health department and the Indiana Department of Education immediately.

Unless extenuating circumstances exist, the district will work with the local health department to assess factors such as the likelihood of exposure to employees and students in the building, the number of cases in the community, and other factors that will determine building closure. It is the responsibility of the local health department to contact the person confirmed with COVID-19, inform direct contacts of their possible exposure, and give instructions to those involved with the confirmed case, including siblings and other household members regarding self-quarantine and exclusions. The individual who tested positive will not be identified in communications to the school community at large but may need to be selectively identified for contact tracing by the local health department. If a closure is determined necessary, the district may consult with the local health department to determine the status of school activities including extracurricular activities, co-curricular activities, and before and after-school programs. As soon as the district becomes aware of a student or employee who has been exposed to or has been diagnosed with COVID-19, the custodial staff will be informed, so that impacted building or bus areas, furnishings, and equipment are thoroughly disinfected. If possible, based upon student and staff presence, the custodial staff will wait 24 hours or as long as possible prior to disinfecting. However, if that is not possible or school is in session, the cleaning will occur immediately.

Preventative Measures

Social distancing can be accomplished in many different ways and Lafayette School Corporation is dedicated to safely implementing social distancing practices so that face-to-face instruction can occur. The Lafayette School Corporation will implement various strategies to ensure students are socially distanced while at school and school sponsored events. It is the expectation that all students follow measures put in place by the school district. Failure to do so may result in disciplinary action. Some of those strategies include, but are not limited to the following:

- Close communal use spaces such as cafeterias and playgrounds if possible. Otherwise, stagger use and disinfect in between use.
- Reorganize P.E., choir, band, orchestra, and other large classes to allow for social distancing and other precautions.
- Alternate recess to minimize the number of students on the playground, encourage social distancing, and allow time to disinfect equipment between uses.
- Increase space between students during in-person instruction.
- Rearrange desks to increase space between students.
- Face desks in the same direction.
- Require students to be in assigned seats.
- Minimize students traveling to different buildings to receive services.
- Teachers may rotate, as opposed to the students changing classrooms, when applicable.
- Limit or eliminate classroom visitors.
- Ensure adequate supplies to minimize sharing of high touch materials to the extent possible (art supplies, equipment, etc. assigned to a single child) or limit use of supplies and equipment by one group of children at a time and clean and disinfect between uses.
- Minimize the sharing of electronic devices or learning aids when possible.
- Study (field) trips may be done “in-house” using virtual platforms.
- All students riding a school bus will wear a cloth mask.
- School bus drivers will monitor where students sit every day in case of the need for contact tracing.

Personal Protective Equipment (PPE) may also help prevent the spread of COVID-19. The LSC administration requests that parents provide their children a cloth mask, water bottle, hand and sanitizer. These are only recommendations. In some cases, the wearing of cloth masks will be required as directed by the CDC, the IDOE, and Tippecanoe County Board of Health. For instance, some specials like Choir/Music will require a cloth mask for participation. An acceptable mask must cover the mouth and nose and must be similar in nature to those provided by the state for student use. Since communal items like water fountains may not be used, parents are encouraged to provide their children with a water bottle. The building administration will provide more guidance about this and the procedures they will be using. The LSC administration will have age-appropriate face masks, hand sanitizer, and a limited number of bottles of water for emergency situations. However, parents should provide to their children the items they need to help them feel safe. If any family needs assistance with PPE, they should contact their child’s school administration. While supplies are limited, LSC administration will do everything possible to assist those families in need.
