

Tecumseh Family,

### **7th Grade Orientation Information**

7th Grade students and parents are invited to attend 7th Grade Orientation held on August 2<sup>nd</sup> & 3<sup>rd</sup>. The goals of the orientation are to share general school information with parents and students, provide 7th grade students with a chance to walk their schedule, and to provide students an opportunity to pick up their school computer. The orientations are offered in eight different sessions that are assigned by last name. An additional two afternoon sessions are also available for families that can't make their assigned time. In order to assist with social distancing, families are asked to come at their assigned time if possible. If families can't attend on their designated session, it is ok to attend a different session or one of the 4:30 or 6:00 sessions offered on August 3<sup>rd</sup>. *Each presentation contains the same information.* The goal of separating the event into multiple sessions is to ensure that information is easily communicated and to make the students first experience at Tecumseh be a calm and productive one. 7th Grade families may also return on the 4th and 5th for a self-guided schedule walk if needed. Parents may attend a presentation at a different time than their students if needed. Parents will meet with Mr. Hawkins for the first 30-40 minutes while students pick up their device and receive a brief orientation from the 7th Grade Assistant Principals, Mr. Barrett and Mrs. Walden. After 40 minutes, parents and students will rejoin and walk the student's schedule together. The sessions will take approximately 60 minutes in total and families are asked to be there at the beginning of the session to ensure that no information is missed. Please note that students must be registered online in order to receive their device during orientation. Also note that students that have not returned their device from last year will not receive a new device at orientation.

### **8th Grade Orientation Information**

8th Grade students should come in on August 4th and 5th to pick up their schedule, walk their schedule, and to pick up their school computer. This is a student only orientation and should last approximately 30 minutes in total. To help with social distancing and flow, 8th grade times have been staggered by last name as well. Students are encouraged to attend their stated time and to be on time. Students that can't make their stated time may attend a different session. 8th grade students that are new to Tecumseh should attend one of the evening session on August 3<sup>rd</sup> (4:30 or 6:00 pm) Please note that students must be registered online in order to receive their device during orientation. Also note that students that have not returned their device from last year will not receive a new device at orientation.

Sincerely,

Brandon Hawkins
