

Ledyard Public Schools

Administrative Offices

31 August 2021

Ledyard Public Schools has obtained a waiver and USDA funding to provide meals free of charge to all students 18 years of age or under and those in our LTA program.

Ledyard Public Schools students will receive free meals starting with the first day of school.

- Menus can be found at www.ledyard.net under Food Service
- A la carte options will be available at LHS for additional cost

Community meals can be picked up Tuesdays and Thursdays at LHS between 8 AM and 10 AM. These meals are available for any school-age student and are not limited to students attending Ledyard Public Schools.

We are glad to be able to meet the needs of students with approval to run this program. We encourage families to continue to submit updated free and reduced meal applications. FRL applications provide access to other helpful programs as identified on the Addendum A in the application. Applications are confidential, and instructions for applying can be found at www.ledyard.net under Food Service.
