MOBILE HEALTH CLINIC – CONSENT FORM

North Olympic Healthcare NETWORK

I give permission to North Olympic Healthcare Network (NOHN) to perform such medical and therapeutic procedures as may be professionally necessary or advisable to my (or my child's) health screening, diagnosis, and treatment.

I understand that a patient record will exist for each student and that I am responsible for medical expenses that may occur. (NOHN will bill your insurance company. Anything not paid by the insurance company will be billed to you.)

In the case of medical health services, the NOHN MUST have a signed Consent Form from a parent or legal guardian before health services are provided to youth.

I understand that the following types of services may be offered through the NOHN Mobile Health Clinic:

- Routine physical exams, including sports physicals
- Diagnosis and treatment of acute and chronic illness
- Laboratory tests
- Referral for health care services that cannot be provided on the mobile unit
- Mental health services
- Health education, counseling, and/or wellness promotion
- Immunizations
- Reproductive health services, like counseling, education, exams, and referrals

According to law, MINORS may provide their **own** consent for substance abuse treatment and mental health care services at the age of 13 or older. MINORS may provide their **own** consent for reproductive health care at any age. If necessary, NOHN will inform youth of options for outside care and will assist youth in discussing these issues with parents/guardians.

When a student consents for his/her own care, all information is kept confidential and cannot be released except in the following circumstances when it can be confidentially shared:

- If a student shows signs of risk of suicidal behavior.
- If a student has a life-threatening health problem and is under 18 years old.
- If the student gives us permission through a signed release of information.
- If student plans to do serious bodily harm to someone else.
- If there is reason to suspect abuse or neglect. This may include any sexual contact with a minor (people under 18 years old) by a person older than 18 **or** where this is a three or more year difference in ages.

Please Note: The student's consent is LEGALLY required for release of information about the following: pregnancy, sexually transmitted disease (including HIV/AIDS testing), substance abuse treatment, and/or mental health counseling.
