### ARP ESSER Health and Safety Plan

---

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

#### **Health and Safety Plan Summary:**

**Initial Effective Date: August 1, 2021**

**Date of Last Review: August 16, 2022**

**Date of Last Revision: August 16, 2022**

How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?

The LEA will monitor the latest recommendations from PDE, PADOH, and CDC and update their Health and Safety Plans as needed. Plans will be presented to the governing Board for approval when changes are necessary. Facilities and practices will be adapted to the extent possible to ensure that appropriate prevention and mitigation processes are followed.

1. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?

Educational models will be adapted to the needs of the students as appropriate including virtual if needed. Social, emotional, mental health and other needs will be

monitored and provided by school health providers, social workers and other mental behavior specialists when needed. Food service will be provided using various models as appropriate to the situation, including the availability of free meals if needed for students throughout the entire year.

2. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
<ul style="list-style-type: none"> <li>• Universal and correct wearing of <a href="#">masks</a>;</li> <li>• Mask wearing will remain optional or as required by the DOH, CDC, and PDE.</li> </ul>	<ul style="list-style-type: none"> <li>• ARP ESSER requires school districts and charter schools to develop mitigation plans in line with the most recent CDC guidance with plans being updated every six months as needed. At the current time fully vaccinated students and staff are not required to wear a mask.</li> <li>• For those who are required to wear a mask, correct and consistent <a href="#">mask use</a> is a critical step everyone can take to reduce their risk of getting and spreading COVID-19.
