IXL SUMMER BOOST FOR MATH AND LANGUAGE ARTS AND SUMMER ADVENTURES

Each student will have a **Math and Language Arts Summer Boost** and **Summer Adventures** assignments posted in their **IXL account**. This will help solidify student understanding of key concepts and make sure they are ready to learn more in Fourth Grade! Each Summer Boost assignment is composed of 20 skill lessons; these cover topics that the students should be familiar with in their present grade level. The program is adaptive; if the student gets a question wrong there is instruction to let the student know what the correct answer was and why. As students answer the questions their SMART Score grows. Students should work for a SMART Score of 90-100 on each assignment. Students can choose to do the assignments on any days they wish. All **IXL** assignments need to be completed by **August 20th**. This will allow for the system to be set up for next year and give the students a break to end the summer.
