

Fox Cities Leadership Academy

EDUCATING & INSPIRING FUTURE LEADERS

Our Mission... Empowering students to find their passion through collaboration, innovation and exploration.

INDIVIDUALIZE LEARNING VIRTUALLY OR IN-PERSON....

WHAT IS THE FOX CITIES LEADERSHIP ACADEMY ALL ABOUT?

The Fox Cities Leadership Academy (FCLA) offers a **rigorous, contemporary & interdisciplinary** curriculum that provides students with the opportunity to develop lifelong skills through our small learning community. Students will develop skills such as:

- Critical thinking
- Problem solving
- Leadership: Each student will earn a Wisconsin Youth Leadership Skills Certificate issued by the Wisconsin Department of Public Instruction. **(Unique to the FCLA!)**

STUDENT SHADOW DAYS... (afternoons only)

Please check our website for current shadow day opportunities!

HOW WILL FCLA ENHANCE THE HIGH SCHOOL EXPERIENCE?

Here are a few ways that the FCLA can enhance the high school experience beyond the traditional path:

- College Recognition and Rigorous Curriculum: We offer core credits required for graduation, as well as elective courses. **All courses will appear on the student's official transcript, but will be asterisked, indicating to colleges that they are advanced courses.**
- Integrated Curriculum: We focus on the big picture by incorporating standards from two or more subject areas, so that **students develop a deeper understanding** of the topic or concept being studied.
- Credit Planning and Accumulations: Credits in the FCLA are earned **over a four-year time span** rather than in a single designated year. FCLA works with all students and families to create a high school educational experience that will meet their post-secondary readiness goals.

WHAT MAKES THE FCLA UNIQUE?

FCLA Students:

- Join a **non-traditional learning community** grounded in interdisciplinary coursework, contemporary issues, and working collaboratively with other students, staff, and community members.
- Complete **internships** to explore post-secondary and career options.
- Develop a **professional leadership portfolio and resume** and present the portfolio to community leaders at the end of their senior year.
- Culminate their senior year with a student-designed **Senior Capstone Project** to further develop critical thinking skills, problem solving abilities and leadership capacity.
